SEMI-ANNUAL PROGRESS REPORT FOR

**Grants to Enhance Culturally and Linguistically Specific
 Services for Victims of Domestic Violence, Dating Violence,
 Sexual Assault, and Stalking Program**

Brief Instructions: This form must be completed for each Grants to Enhance Culturally and Linguistically Specific Services for Victims of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Program (Culturally and Linguistically Specific Services Program) grant received. A grant administrator or coordinator must ensure that the form is fully completed with regard to all grant-funded activities. Grant partners, however, may complete sections relevant to their portion of the grant. Grant administrators or coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All grantees should read each section to determine which questions they must answer based on the activities engaged in under this grant during the current reporting period. Sections B and E of this form must be completed by all grantees. In section A, subsection A1 must be answered. In section C, subsection C3 must be answered. In section D, and subsections A2, C1, C2, and C4-C7, grantees must answer an initial question about whether they engaged in certain activities during the current reporting period. If the response is yes, then the grantee must complete that section or subsection. If the response is no, the rest of that section or subsection is skipped.

For example, if you are a victim services agency providing training and victim services with staff funded under this grant, you would complete A1, A2, B, C1, C3, D, and E (and answer "no" in subsections C2 and C4-C7).

The activities of volunteers or interns should be reported if they were coordinated or supervised by Culturally and Linguistically Specific Services Program-funded staff or if Culturally and Linguistically Specific Services Program funds substantially supported their activities.

For further information on filling out this form, refer to the separate instructions which contain detailed definitions and examples illustrating how questions should be answered.

If a product was created in or translated into a language other than English, including Braille, indicate the language. Report on products that were newly developed during the current reporting period, whether or not they were used or distributed during the current reporting period. Do not report the number of products printed or copied; only report the number developed or revised—in most cases that number will be one for each product described and/or the number used or distributed. VICTIM SERVICES

Were your Culturally and Linguistically Specific Services Program funds used to provide victim services to victims/survivors during the current reporting period?

Check yes if Culturally and Linguistically Specific Services Program-funded staff provided victim services, or if Culturally and Linguistically Specific Services Program funds were used to support victim services during the current reporting period.

- ☐ Yes—answer questions 32-41
☐ No—skip to section E

32. Number of primary victims/survivors served, partially served, and victims/survivors seeking services who were not served

Please do not answer this question without referring to the separate instructions for further explanation and examples of how to distinguish among these categories. (Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each victim/survivor who was seeking or who received services during the current reporting period should be counted only once in that reporting period. For purposes of this question, **victims/survivors** are those against whom the sexual assault, domestic violence, dating violence, and/or stalking was directed. If the victim/survivor presented with more than one victimization, that person should be counted only once under the primary victimization. Do not report secondary victims here.)

33. Number of secondary victims served Please do not answer this question without referring to the separate instructions for further explanation and for examples of how and when to report secondary victims. (Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each secondary victim who received services during the current reporting period should be counted only once and in only one of the listed categories, which should correspond to the category of victimization of the primary victim. For purposes of this question, **secondary victims** are those who are indirectly affected by the domestic violence, dating violence, sexual assault, and/or stalking - i.e., children, siblings, spouses or intimate partners, grandparents, other affected relatives, friends, neighbors, etc.)

Primary victims/survivors whose calls are reported here should not be reported as victims/survivors served in question 32 unless they also received at least one of the services listed in question 37A Victim services or question 37C Shelter services. Victims/survivors who receive services such as crisis intervention or victim advocacy over the telephone, in addition to basic hotline information and/or referrals, should also be reported in question 37A. Hotline calls that include victim advocacy or crisis intervention services are those that require more time than the average call and involve a more intensive focus on the immediate needs and situation of the victim/survivor. For examples of when to report only the hotline call and when to report both the hotline call and a service or services in question 37A, see separate instructions.)

NARRATIVE

All grantees must answer questions 42 and 43.

Please limit your responses to the space provided.

42. Report on the status of your Culturally and Linguistically Specific Services Program grant goals and objectives as of the end of the current reporting period.

(Report succinctly on the status of the goals and objectives for your grant as of the end of the current reporting period, as they were identified in your grant proposal or as they have been added or revised. Indicate whether the activities related to your objectives for the current reporting period have been completed, are in progress, are delayed, or have been revised. Comment on your successes and challenges, and provide any additional explanation you feel is necessary for us to understand what you have or have not accomplished relative to your goals and objectives. If you have not accomplished objectives that should have been accomplished during the current reporting period, you must provide an explanation.)

43. What services or resources do you provide that are specifically tailored to reach the culturally and linguistically specific population(s) you serve? Please limit your response to the space provided. (8,000 characters)

(For example, your organization has staff, volunteers, or advisory board members who reflect the community you serve.)

All grantees must answer questions 44 and 45 on an annual basis. Submit this information on the January to June reporting form only.

Please limit your responses to the space provided (8,000 characters) for each question.

44. What do you see as the most significant areas of remaining need, with regard to improving services to victims/survivors of sexual assault, domestic violence, dating violence, and stalking, increasing victim/survivor safety, and enhancing community response (including offender accountability for both batterers and sex offenders)?

(Consider geographic regions, underserved populations, service delivery systems, types of victims/survivors, and/or challenges and barriers unique to your state and the populations you serve.)

45. What has Culturally and Linguistically Specific Services Program funding allowed you to do that you could not do prior to receiving this funding?

(For example, before you received Culturally and Linguistically Specific Services Program funds, your agency did not have appropriate staff to serve Spanish-speaking victims. Since you received this funding, you have hired a Spanish-speaking therapist and have increased the number of Spanish-speaking victims served by your program from 4 to 40.)

Questions 46 and 47 are optional.**Please limit your responses to the space provided (8,000 characters) for each question.****46. Provide any additional information regarding the effectiveness of your grant-funded program.**

(If you have other data or information that you have not already reported in answers to previous questions on this form that demonstrate the effectiveness of your Culturally and Linguistically Specific Services Program grant, please provide it below. Feel free to discuss any of the following: systems-level changes, community collaboration, the removal or reduction of barriers and challenges for victims/survivors, promising practices, positive or negative unintended consequences. Refer to separate instructions for a fuller explanation and examples.)

**47. Provide any additional information that you would like us to know about the data submitted.**

(If you have any information that could be helpful in understanding the data you have submitted in this report, please answer this question. For example, if you submitted two different progress reports for the same reporting period, you may explain how the data was apportioned to each report; or if your Culturally and Linguistically Specific Services Program funds supported staff - e.g., victim advocates, attorneys, etc., but did not report any corresponding victim services, you may explain why; or if you did not use program funds to support either staff or activities during the reporting period, please explain how program funds were used, if you have not already done so.)
