Hello!

Below are relevant resources that we hope you will find helpful. We encourage you to forward this email to STOP subgrantees and others in your state who you think could benefit from the material.

If you have any questions about STOP planning, implementation, or related topics, contact us at alsostaarprojectta@also-chicago.org.

- The STAAR Project Team

Honoring Pride Month and Elder Abuse Awareness Day

June was a month to celebrate the LGBTQ community and to raise awareness around elder abuse, neglect, and exploitation. Both of these communities are at high risk for domestic and dating violence, sexual assault, stalking, and human trafficking, with heightened risks for elder LGBTQ survivors. Below are some resources that aim to highlight unique issues faced by LGBTQ elder victims of violence:

- LGBT Elders: Domestic Violence/Sexual Assault Resource Sheet
- Sexual Violence, Elder Abuse, and Sexuality of Transgender Adults Age 50+
- Abuse and Violence Directed at Transgender Elders
- Lesbian, Gay Male, Bisexual and Transgender Elders: Elder Abuse and Neglect Issues

Addressing Human Trafficking Within the STOP Formula Grant Program: TA Issue Brief for STOP Administrators and Subgrantees

This issue brief is designed to help STOP Administrators and State/Territory STOP Grant subgrantees understand how human trafficking overlaps with the four VAWA crime areas of domestic violence, dating violence, sexual assault, and stalking and how it can be addressed within the STOP Formula Grant Program.
State Legislative Developments on Campus Sexual Violence: Issues in the Context of Safety

This publication looks at state legislation on campus sexual violence, and offers an analysis of state legislation in 22 different states across four major themes: the definition of affirmative consent, the role of local law enforcement, transcript notation, and the role of legal counsel. This brief is intended for leaders in policy and higher education to aid in constructive dialogue towards creating safer environments for people on college campuses.

Breaking Barriers: Improving Services for LGBTQ Human Trafficking Victims

This resource aims to highlight best practices in use by anti-trafficking service providers in recognizing the needs of LGBTQ youth who may be disproportionately affected by human trafficking.
